## COLLECTION

Bio Sculpture is proud to introduce the EVO CELEBRATION COLLECTION in collaboration with our 30 year anniversary. This dazzling collection celebrates eight exceptional Bio Sculpture Ladies.

### PAULINE

She's one of a kind. A mesmerising fuchsia pink colour filled with different specks of pink glitters and gold shavings. She flickers with enthusiasm

### AMANDA

This royal berry blue colour has depth. With fine, sapphire blue glitter specks she oozes confidence, energy and excitement

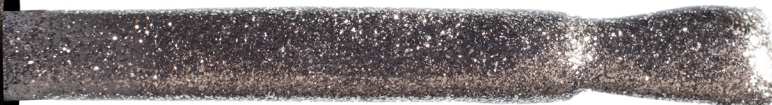

### ANNA-MARIÉ

She shines! Sturdy gold glitter fragments make this colour glint. A glamorous sensation, especially in twilight

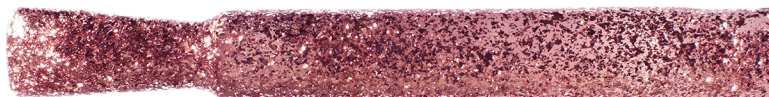

### TALYA

A silver shiny precious metal glitter colour reminiscent of rare, valuable treasures. She's fancy and gleams with pride

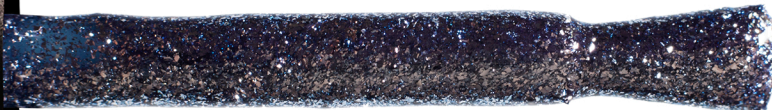

### NOLENE

While this raspberry pink glitter colour shines brightly and strong, there's a chic softness to her refined silver shavings

### ELSIE

This navy blue color with silver glitter flakes results in the most flamboyant grey-blue bliss. She's dashing!

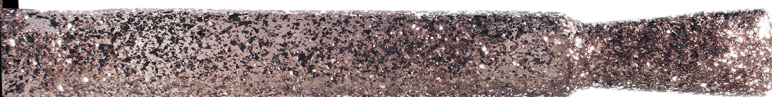

### HANNA

She's sophisticated. Indulged in dark bronze gel, her fine iron-coloured glitter flecks sparkle with elegance

### RENÉ

A dynamic, shiny silver glitter with a glimpse of rose pink gel, adding a soft touch to her vigorous flare. She's timeless
